st wulstans church little malvern worcestershire

nickjoycearchitectsllp

architects and historic building consultants

originally

St Wulstans Church was built in 1892 to the design of Benjamin Bucknall and was designated a grade II listed building in 1987.

building detail

slate replacement

construction

In 1999 when we first inspected the church, the client had already decided that the existing slated roof needed to be replaced and that some minor stone repairs were necessary.

completion

client: St Wulstan's Church

contract: £220,000

date: 2003
